20 weeks

.....

#### CONTRACT TYPE

Negotiated

### PROJECT DETAILS

Following the success of previous projects within Edinburgh, Aberdeen and Liverpool, Sharkey have now completed the interior fit-out at Ernst Young's new offices in Leeds.

Sharkey provided a complete joinery package over the 32,000 sq ft project area. The contract included the manufacture of bespoke reception desks and curved glass partitioning systems throughout.

The 20 week project took place in the 4th floor of the modern building in Leeds and was managed in conjunction with John G Mackintosh electrical contractors and Specific Heat mechanical & electrical services.

The working relationship with Ernst & Young continues to grow following this development.
