PROJECT DETAILS

The first project that Sharkey had undertaken with JJB, involved the fitting out of a 30,000sq.ft leisure complex on the outskirts of Glasgow.

The creation of a 30 meter swimming pool and 2 spa baths were the focal point of the entire facility which also incorporates a dance studio, free weights area, spinning area, gymnasium with over 130 pieces of cardiovascular equipment, steam rooms and a lounge area that included a Sharkey manufactured reception desk and bar.

Clever and extensive use of lighting throughout, including strobes and coloured filters, helped create a different atmosphere in the various areas.

The installation of a state of the art Hi-fi system and over 50 television sets added the finishing touches to a very high quality and prestigious contract for Sharkey.
