Inverness

PROJECT VALUE:

£330k

PROJECT DURATION

7 weeks

CONTRACT TYPE

Competitive

PROJECT DETAILS

Tulloch PLC appointed Sharkey to install the timber finishes to the new medi-centre at the Raigmore Hospital in Inverness.

We were engaged by Tulloch with 7 weeks left on their main project as one of their key supply chain had gone out of business, Sharkey were the only contractor who could offer the services with a 1 week turnaround.

The works package included all solid timber skirtings, doorsets including ironmongery and facings. Window finishes i.e. soffits/cills to all the consultants rooms, Single glazed partitions forming offices, consulting meeting rooms and a reference Library.

These works took place over the Ground & first floor over 2 wings and the central core which held a conference theatre. Sharkey had to pull on all its reserves to ensure that the main contractor completed within its original hand-over time scale and ultimately hand back a completed contract to the NHS on time.
