Negotiated

PROJECT DETAILS

Sharkey were engaged directly by the Resource group to provide a Design & Build solution for their new offices at Temple Point, Leeds.

Following the design and space planning of the project, the specification was value engineered in conjunction with the client to suit their budget.

Acting as main contractor, Sharkey were responsible for the M&E installation as well as the interior fit out. The major feature of the fit out was the glazed partitioning system which was installed to accommodate the clients proposed innovation suite for their staff.

Sharkey were able to hand over the project on time and on budget to the delight of the client.
